

Manitoba Corn Growers Association, Inc.

NEWSLETTER

December 2016

From the Office

November has come and gone and the Christmas season has begun. I would like to wish everyone a blessed time together with friends and family.

I know there are still some of you struggling to complete your harvest and we hope with the recent colder weather you have been able to get back out there and get that completed so that you too can spend some down time over the holiday season.

Cash Advance: There has been an extension of the deadline to be able to get an advance on crop in the field. If you are one of the unfortunate few left in the province that still have crop in the field, for this year only, you can still get an advance on that standing crop provided you have crop insurance or Agri-Stability coverage.

Also a reminder that everyone who already has a 2016 Advance that their Post-Production Worksheets must be completed and into the office before **December 15th**.

Policy: Next week Dennis Thiessen and myself will be spending time in Ottawa at the Grain Growers of Canada where we hope to get updates on many aspects of the work being done by the GGC directors and staff. Hopefully we will have some interesting updates in future Newsletters and/or at the AGM.

Annual General Meeting: Please see the notice for the AGM and make plans to attend. Even if you are not planning to attend the full CropConnect Conference, all members are encouraged to attend the AGM and you can register for AGM only at no cost on the CropConnect Conference website.

CropConnect Conference: The full agenda and delegates package is now up on the CropConnect website. Please take the time to go to cropconnectconference.ca to sign up and plan your days.

The office hours will be reduced between Christmas and New Years so please see the Christmas hours on page two.

Merry Christmas Everyone!!

In this Issue:

- From the Office 1
- Office Hours 2

Supplement:

- Manitoba Corn Committee Trial Results
